- **STAY OFF NEWLY SEEDED GRASS.** Pedestrians and riders, please avoid crossing area where an old entrance road was recently removed. The seeded area has concrete barriers on both ends.
- **MANURE DUMPING STATIONS** — Look for wheel barrows and manure forks at 2-3 stations for each rodeo. Please use these to deposit piles of manure and hay from around your trailer. Any piles left become the problem of our club volunteers = NOT FUN!
- **PENNING OF HORSES** — No penning inside chain link fence. Gates are locked overnight. You may build a pen by your trailer, but please don't make it a pasture and be sure to clean-up afterward.
- **ARENA GATES** — Contestants enter the arena on the SW corner for roping events and on the north end for speed events. Please exit from the NE corner.
